

# 2021 "FUND-A-NEED" SPONSORSHIPS

From big to small, Hult Center for Healthy Living has many sponsorship opportunities that oftentimes are not covered by grant funding that we so heavily rely on. Browse our most prominent needs, and please reach out to our leadership team to discover more opportunities that may be of unique interest to you to support. The opportunities are endless.

## **REVITALIZE & REMODEL A HEALTH EDUCATION THEATER**

\$450,000\*

Be a part of something bigger. Hult Center's four education theaters are now 30 years old, and our hope is to revitalize each of the theaters for in-person learning, and expand access to our services through integration of a new virtual learning experience. Though our theaters were designed for our youth participants, Hult Center for Healthy Living has "grown up" over the past several years, and strives to make our theaters a hands-on learning experience for all ages. Our four theaters include General Health, Nutrition, Substance Use, and Reproductive Health.

**Upgraded Audio Systems**  
**Interactive Touch-Screen Panels**  
**Cameras and Recording Devices**  
**Adaptable Spaces & Seating**

## **BRAND NEW ROOF & SAME OLD MAINTENANCE**

\$75,000 - \$100,000\*

Hult Center for Healthy Living's roof is now over 30 years old and in need of being replaced. It is estimated that it will cost \$100,000 for this project, according to local contractors. It's also no secret that we have overhead expenses such as lights, electricity, building expenses and more to keep running effectively and efficiently. These expenses are often not covered by grants, but are necessary.

## **UNDERWRITE ONCOLOGY MESSAGES**

\$50.00 - \$30,000

Pay for one massage, or all of the massages we provide for the entire year! Oncology massage is the adaptation of massage techniques to safely provide therapy to someone affected by cancer or its treatments. Each massage costs about \$50.00 to provide, which includes the cost of massage oils, laundering linens, and the therapists' time & expertise. In 2021, it is estimated that Hult Center's staff will need to raise \$45,000 for the program.

\*Partial sponsorship opportunities and designated donations are available, as well.
